

The Federal Supreme Court (F.S.C.) has been convened on 23.7.2013 headed by the Judge Madhat Al-Mahmood and the membership of Judges Farooq Mohammed Al-Sami, Jaafar Nasir Hussein, Akram Taha Mohammed, Akram Ahmed Baban, Mohammed Saib Al-Nagshabandi, Abood Salih Al-Temime, Michael Shamshon Qas Georges and Hussein Abbas Abu Al-Temmen whom are authorized to judge in the name of the people, they made the following decision:

- The Plaintiff:
Kadhém Abed Layeth / his agent the attorney Aereby Shnien Mehamed.
- The Defendant:
The President of the Independent High Electoral Commission (I.H.E.C.)/ in addition to his post.

The claim:

The plaintiff claimed that the I.H.E.C. on 13.3.2013 approved Seats Distributing System no. (12) of 2012 to be implemented in the election of the governorates Councils in 2013, as the mechanism of distributing the seats on the winner candidates is contrary to the Constitution and law, were the lists

that won one seat severely affected by the method of calculating (the women's quota), as it was stipulated in the third step of the seat distribution system paragraph (heh) (to replace the candidate who obtained the majority of votes in the list that obtained one seat in one electoral circle with female candidate of the same list who obtained the highest number of votes between woman in the same list), what occur in Al-Diwania governorate in the method of calculating (woman quota) causes huge injustice and unfairness. As the winner lists of two seats and more got its share of men's seats but the lists that won one seat the seat was granted to woman, his client obtained the higher number of votes in the list of (Al-Diwania alliance) as he got (2838) votes of (9675) votes, and he was replaced with female candidate of the same list who obtained (275) votes which contradict the justice principles. He requested to rule to amend third step of Seats Distribution System no. (12) of 2013 of calculating (the woman quota) in way that ensure justice and equity. The defendant\ in addition to his post was informed with the case petition, he replied with the draft dated 2.6.2013 which included that woman quota is exception of the origin stipulated in article (14) of the Constitution,. As the Constitution stated in article (49/4) that the elections law shall aim to achieve a percentage of representation for women of not less than one-quarter of the members of the Council of Representatives, also the F.S.C. ruled in 31.7.2007 in the lawsuit no.(13/teh/2007)

that the mentioned constitutional text is to be implemented on the governorate Council for the unity of the objective, therefore the Committee is obligated to achieve representation percentage of woman in the governorate Council not less than one quarter, the Seats Distribution System no. (12) of 2013 came in accordance with the requirement of justice, and because the method of (Saint-Lego) stipulated by the law leads to the victory of multiple lists with one or two seats, therefore, it has become difficult to achieve the percentage of women's representation according to the verbatim text of the law, and because the article (4/2nd) of the Commission's Law no.(11) of 2007 (amended) gave the Commission the authority to set regulations and instructions, accordingly the system of distributing seats is in accordance with the law and the constitution. Paragraph (heh) of the system came in consistent with the requirements of justice and fairness, and it was drawn up after discussions in the presence of United Nations experts. The committee finds that the list that get two seats under (Saint-Lego) method has obtained more votes than the list that get one seat, it came at the bottom of the ladder in the descending order of the three-fold winning lists. The plaintiff (Kadhem Abed Layeth) is candidate from the list of the Al-Diwania allianceno. (415) serial (7) got (2837) votes and got one seat in Al-Diwania governorate, the female candidate (Ekraam Maajon Muhamed) who got (275) votes and replaced the plaintiff based on the

clause (2nd/d) of the third step of the seat distribution system No.(12) for 2013 ((if the required seats for women are not completed according to what is mentioned above, then the list seats that won only one seat are allocated to women and from the lowest to the highest until the required number is fulfilled)), as the candidate (Ekraam Maajon Muhamed) got the higher number of votes in the list of (Al-Diwania civil allianceno) therefore the seat was allocated to her. The plaintiff has already challenged that before the Judicial Body for Elections and was dismissed. After registering the lawsuit and completing the required procedures according to article (2/2nd) of the F.S.C. bylaw no. (1) for 2005, the court convened on the argument day and call upon the parties, the plaintiff and the agent of the defendant has attended, the plaintiff repeated the case petition and requested to rule according to it adding that the court is competent to consider it, the defendant' agent repeated the answering draft requesting to dismiss the case. whereas nothing left to be said, the argument is closed, the decision issued publicly.

The decision:

During scrutiny and deliberation by the F.S.C., it found that the plaintiff requesting the F.S.C. to amend third step of Seats Distributing System no.(1) of 2013 of calculating (quota of women) in the governorates Councils no.(1) for 2013, as the
